

PHILSURIN team visits sugar project partners

May 2001

PHILSURIN Update (Official PHILSURIN Newsletter)

PHILSURIN Director General Leon Arceo and Plant Breeder Jie Aro went on a 2-week swing over Southeast Asia to review on the spot the facilities and programs of the countries cooperating in the variety improvement program in the region.

The inspection was the initial step in the implementation of the CFC-funded project.

The research stations visited were the Indonesian Sugar Research Institute (ISRI), Bangladesh Sugar Research Institute (BSRI), the Thailand Office of Cane and Sugar Board (OCSB), and MARDITECH in Malaysia.
